His Place Webpage Gets A Makeover

His Place Worship Center is in the process of getting a technological makeover. In addition to a completely revamped website, His Place Worship Center now has a mobile app available in both Apple and Android app stores.

As you may have noticed, the His Place website has recently gotten a much needed update. Our website moved to a new hosting company which has allowed us many new features. We have many new multimedia resources available for our church use. These resources make it easier for His Place to have a relevant web presence across many different platforms. In addition to a colorful new website, His Place also has a new mobile app! The His Place app has just been approved in both Apple and android app stores.

His Place app is free for download, and will be a convenient way to download sermons, check out current events and get updates.

In addition to the updated website (www.hisplaceoutreach.org) and the mobile app, His Place has a Facebook page (www.facebook.com/hisplaceworshipcenter) and a Twitter account (www.twitter.com/hisplaceworship). Please help us with our social media presence by “liking” and sharing our content!

Volunteers Needed for Festival

For the first time ever, His Place will have a booth at the Mountain Glory Festival! We will be meeting people, handing out information, doing crafts and most importantly, praying with people.

We need people to help man the booth from 9:00 AM to 5:00 PM. If you are available, please come out and help man the booth for a couple of hours. This is an opportunity for people in the community to put a face with His Place. We want to show them the love of Jesus!

Children's Ministry

Children are a heritage from the LORD, offspring a reward from him. Like arrows in the hands of a warrior are children born in one's youth. Blessed is the man whose quiver is full of them. Psalm 127:3-5

Summer of the Spirit

Article by: Marian Stephan

The His Place children have studied, romped, danced, and crafted their way through the summer of 2016.

God's Math

Most recently, the kids have been learning that God is Father, son, and Holy Spirit. In God, $1 + 1 + 1 = 1$. (One student noted, "My math teacher would beg to differ.")

It's bubbling in my soul

One Sunday, the kids made Mentos geysers and vinegar and baking soda fountains to demonstrate how the Holy Spirit fills us and flows out of us.

The same Sunday, the kids also played Holy Spirit charades, taking turns acting out ways the Spirit can move in us. The remaining kids guessed whether the leader was acting out "dancing," "prayer," "love," or another Spirit manifestation. (The most popular was "dancing.")

In the land of the free ...

During June, the kids learned about freedom in Christ, in preparation for Independence Day. They learned that freedom doesn't involve doing any action we want, but means obeying God. They discussed what would happen if everyone in the world did what they wanted. The kids also made "God bless the USA" banners. (Pictured are Bella, Emily, and Kymora at work on their banners.) The banners were displayed in a PowerPoint presentation presented in the July 5 worship service.

The family that plays together...

Children experienced Jesus through fishing, games, Bible treasure hunts, and crafts during the August Family Fun Fest. The 90 degree temperature inspired a little impromptu water pistol dueling. Good thing water guns were one of the many game prizes!
